

In addition to the above disclosure, I mean to cover in my claims any alternative details and variations that reasonably fall within the scope of this application.

## Claims

1. To aid singing in a shower enclosure, a waterproof lyrics display comprising: at least one page of song lyrics, said page being waterproof; and support means for supporting said page and being readily attachable to a vertical surface of the shower enclosure, so as to support said page at eye level of a person standing in the shower enclosure.

2. The display of claim 1 wherein there are multiple pages of song lyrics.

3. The display of claim 1 wherein the support means is readily moveable and attachable at different locations and heights in the shower enclosure.

4. The display of claim 1 wherein the support means comprises a thin layer of water, located between the page and the shower enclosure, attaching the page to the enclosure by water adhesion.

5. The display of claim 2 wherein the multiple pages comprise a book with a book cover, and said book has a flexible binding enabling the pages to flatten closely

against the shower enclosure.

6. The display of claim 5 further comprising at least one CD recording, and means detachably attaching the recording to the book.

7. The display of claim 5 wherein the support means comprises at least one suction cup.

8. The display of claim 7 wherein said suction cup engages holes in said pages, said holes being positioned so the pages hang with said lyrics substantially horizontal, and said holes being sufficiently large to enable easy turning of pages.

9. The display of claim 8 wherein there are two suction cups fixed at equal height on the shower enclosure, and wherein said holes pierce all said pages and cover, and wherein turning of said pages disengages them from one suction cup and engages them with the other.

10. The display of claim 9 wherein said two suction cups have a diameter measured at the shower enclosure surface, and a distance apart center-to-center such that said cups can be positioned on the surface without overlapping any joints in commonly found patterns of modular bathroom tile.

11. The display of claim 10 wherein said diameter measured at the enclosure surface is 2.5 inches or less, and said distance apart is 8.5 to 9.5 inches.

FOOTNOTES

12. The display of claim 8 wherein said holes are pierced in said book on the side opposite said binding, and said book when supported on said vertical surface has its binding horizontal and opens vertically.

13. The display of claim 2 wherein said support means comprises a bracket fixed to a surface of said shower enclosure.

14. The display of claim 13 wherein said bracket includes a suction cup portion and is easily moveable on the shower enclosure to eye levels of people of varying height.

15. The display of claim 5 wherein the support means comprises a thin layer of water, located between the book and the shower enclosure, attaching the book to the enclosure by water adhesion.

16. The display of claim 5 wherein the pages when wetted adhere to one another by water adhesion.

17. The display of claim 5 wherein the support means comprises water adhesion and at least one suction cup.

18. The display of claim 1 wherein the vertical surface is a shower curtain, and the support means is water adhesion.

19. The display of claim 8 wherein said suction cup has a projecting peg portion having a length, a top, and a rounded end, said length being sufficient to pass through said holes supporting the pages of said book, and said top slanting slightly upwards towards said rounded end, whereby all pages of said book can be supported and retained, yet are easily disengaged for turning.

20. A method of locating the suction cups of claim 9, comprising: fixing one suction cup to said surface; hanging said book thereon; and opening said book, whereby said holes locate the second suction cup.

21. The display of claim 14 wherein the bracket and suction cup are molded of a single material 4 inches long or less.

22. The display of claim 7 wherein the suction cup is integral to the book cover and attaches the cover to the shower enclosure.

23. The display of claim 7 wherein the suction cup is double-sided and attaches the book cover to the shower enclosure.

24. The display of claim 5 wherein the book has slim proportions and a cover area sufficiently large to enable support of the book on a shower wall by water adhesion.

FOOTNOTES

25. The display of claim 24 wherein the proportions fall between those of 8.5" x 11" x 1/4" and 5.5" x 8.5' x 1/16".

26. The display of claim 24 wherein the cover measures at least 8.5" x 11".

27. The display of claim 1 wherein the lyrics are printed in sufficiently large font to enable easy reading at eye level on a shower wall in downpouring water behind a closed shower curtain.

28. The display of claim 27 wherein the page is sufficiently large to display the entire song with no breaks in lyrical lines.

29. The display of claim 27 wherein the font size of the lyrics is 18-points or greater, and the page size is 8.5" x 5.5" or greater.

30. The display of claim 2 wherein the support means comprises at least one suction cup.

31. The display of claim 2 wherein the support means comprises water adhesion and at least one bracket.

32. A method of supporting a waterproof page of song lyrics on a shower enclosure surface, said method comprising the steps of wetting said page, and flattening it to said surface.

34. A method of aiding singing in a shower enclosure, comprising:

35. A method of aiding singing in a shower enclosure, comprising:

36. A method of aiding singing in a shower enclosure, comprising:

- (a) providing a waterproof book of song lyrics;
- (b) attaching said book to a shower enclosure surface by means of at least one suction cup.
